

# Chileno Bay Resort & Residences

AUBERGE RESORTS COLLECTION | LOS CABOS

TRUE TO  
*CABO*

Nestled along a protected cove with pristine coral reefs and tranquil waters, Chileno Bay Resort was created with a distinct vision to bring a modern luxury experience to Los Cabos. Standing apart for its clean, contemporary design aesthetic, exceptional service and premier location on Cabo's best beach, Chileno Bay Resort presents a new, unparalleled way to immerse yourself in the very best of the Baja region.

## *ROOMS WITH A VIEW. AND A VISION.*

Chileno Bay Resort & Residences' accommodations are all designed with an open, contemporary aesthetic and feature private outdoor areas. Guests can choose from a selection of stylized guestrooms or rent a spacious, private villa residence, with options for two, three, four and six-bedroom layouts. Anchored by a spectacular three-tiered pool at the center of the resort, the property's open-flow plan blurs the lines between indoor and outdoor spaces, seamlessly incorporating the beauty of its surroundings at every turn.

## *A TASTE OF BAJA.*

Each of the property's dining venues offers a true reflection of Los Cabos cuisine, with a fresh twist. The signature restaurant presents a menu of shared small plates, crafted with locally sourced ingredients and infused with a traditional La Plancha grill style. The restaurant also features a live-action Ceviche bar, contemporary bar and lounge area and a spirited mix of indoor and outdoor dining, all set against spectacular ocean views. Down at the beach, the Surf Bar serves up authentic tacos and antojitos ("little cravings") inspired by traditional Mexican markets. With a choice to sit at the bar's communal table or right on the sand, guests can enjoy a casual lunch by day and a cold drink by sundown.

## *DIVE INTO IT ALL.*

Set against a beautiful coral reef, Chileno Bay's calm waters are perfect for snorkeling, swimming, kayaking and paddle boarding. The H<sup>2</sup>O Cave, the resort's own on-site sports center, provides local expertise and all the equipment to explore this incredible natural playground. Only moments from the resort, Chileno Bay Club's private, Tom Fazio-designed golf course provides challenging play, while surrounding scenic desert trails invite hiking and mountain biking.

## *NURTURING BY NATURE.*

From the 7,500-square-foot spa to an inspired suite of fitness programs, the healing traditions of the Baja region serve as the foundation for the resort's holistic approach to wellness. The Spa offers total relaxation and renewal through treatments that emphasize local techniques and practices. The Spa also features outdoor purification gardens, reflexology pool, beauty salon and men's grooming den. The innovative Fitness Center & Movement Studio offers state-of-the-art workout equipment, enticing group classes and signature wellness experiences, such as outdoor meditation exercises.

An aerial photograph of a beach. The left side shows a wide, smooth expanse of golden sand. The right side shows the ocean with clear, turquoise water and white foam from waves washing onto the shore. The transition between sand and water is a soft, irregular line.
